

# Anavar 25mg

Anabolic Compound • Research Use Only

|                    |                               |                     |  |
|--------------------|-------------------------------|---------------------|--|
| Report ID          | PHX-B1026-26                  | Test Date           | 12 March 2026                          |
| Product            | Anavar 25mg                   | Laboratory          | Puralytix (Independent Third-Party)    |
| Category           | Anabolic Compound             | Test Method         | HPLC-UV / LC-MS; ICP-MS (heavy metals) |
| Sample Form        | Oral solid (tablet / capsule) | Label Claim (total) | 25mg                                   |
| Quantified (total) | 25.5mg                        | HPLC Purity         | 99.9 %                                 |

## COMPOUND ANALYSIS

| Active compound | Label claim | Quantified | Result      |
|-----------------|-------------|------------|-------------|
| Oxandrolone     | 25mg        | 25.5mg     | <b>Pass</b> |

## HEAVY METAL SCREEN (ICP-MS)

| Lead (Pb)            | Mercury (Hg)         | Arsenic (As)         | Cadmium (Cd)          |
|----------------------|----------------------|----------------------|-----------------------|
| ND ( $\leq 0.5$ ppm) | ND ( $\leq 0.1$ ppm) | ND ( $\leq 0.5$ ppm) | ND ( $\leq 0.25$ ppm) |

ND = not detected at or above the stated method reporting limit (ppm).

### RESULT

**PASS — HPLC Purity 99.9% · Heavy metals: not detected**

#### Verify this certificate
